Steve Dauma
Washington Department of Fish and Wildlife
600 N. Capitol Way
Olympia, WA 98504

Dear Steve,

Thank you very much for taking the time to come to the College of Veterinary Medicine at Washington State University on November 14th. Your seminar on the laws that regulate wildlife in captivity and the importance of wildlife related initiatives was well received by the veterinary students, faculty and staff. About half of all veterinary students have a desire to work with wildlife to some degree during their veterinary careers, and the information you provided will help them to establish a cooperative relationship with the Washington Department of Fish and Wildlife.

Everyone appreciated your presentation.

Thanks again.

William J. Foreyt
Professor
